

SAGEScholars tuitionrewards Student Bonus

Tuition Rewards Bonus Points

New this Year!

SAGE Scholars has added a new way for your student to earn extra Tuition Rewards, saving you more off their college tuition bill. Starting this year, high school sophomores and juniors can create their own account, giving them a direct connection to our member colleges and a simple way to earn additional 3,000 bonus Tuition Rewards points by completing their academic profile. Each Tuition Reward point is equal to \$1.00 in tuition savings at our SAGE member colleges.

Complete these three simple steps:

1. Login to your Tuition Rewards account at www.tuitionrewards.com
2. Select “[Bonus Available](#)” under eligible students name
3. Send your student an invitation to create their own login

The number of Tuition Rewards points earned determine the minimum, guaranteed tuition discount the student can receive at a SAGE Scholars member college or university. He or she may receive more — but cannot receive less.

Students can...

- ✓ Keep their contact information up to date
- ✓ Complete academic profile questions to claim additional bonus points
- ✓ Contact SAGE Scholars member colleges directly
- ✓ Submit Tuition Rewards to nearly 400 SAGE member colleges
- ✓ Access exclusive student-oriented materials that we have developed

Students can not...

- ✗ Access your sponsor account or your accumulated Tuition Rewards
- ✗ See information about who is sponsoring them in Tuition Rewards
- ✗ See information about other students that family members may be sponsoring
